On the Cover

It's construction season at Iowa State! The university is building a university-wide, yearlong celebration of Iowa State's 150th anniversary that will kick off next spring at Veishea. Sesquicentennial committees across campus are organizing special events, displays, merchandise, publications, web sites, service projects and exhibits to celebrate our achievements and traditions since the university's founding in 1858 as Iowa Agricultural College. Sesquicentennial activities will occur during the spring and summer of 2007, fall semester of 2007 and spring semester, 2008. The university's official 150th birthday is March 22, 2008. Check the official ISU150th web site at **www.iastate.edu/isu150** frequently as Iowa State builds one giant birthday party that begins at Veishea next April.

"Iowa State University does not discriminate on the basis of race, color, age, religion, national origin, sexual orientation, gender identity, sex, marital status, disability, or status as a U.S. veteran. Inquiries can be directed to the Director of Equal Opportunity and Diversity, 3210 Beardshear Hall, (515) 294-7612."

Iowa State University of Science and Technology is an Iowa State Board of Regents institution.

Information Technology Security Incidents

If an IT security incident is suspected, immediate action should be taken to isolate the problem from the campus network. Powering-down the computer or disconnecting it from the campus network will stop any potentially threatening activity.

Contact your local or designated IT support professional.

If the incident has potentially serious consequence and requires immediate attention, contact the IT Security Response Team at 4-3221.

For more information, see the IT Security Incident Reporting Policy at http://policy.iastate.edu/it/incident/.

Student Billing

Each month you will receive a statement on-line detailing charges and long distance calls. (One resident in each Schilletter and University Village apartment is billed for basic service.) The total will appear on your Accounts Receivable Statement, along with any other university charges for that month. This information is available at http://accessplus.iastate.edu/.

Charges must be paid monthly to avoid loss of service and incurring a $10.00 (non-refundable) reactivation charge.

Contact Information Technology Services, 195 Durham Center, 294-4000, if your code is lost or stolen!

You are responsible for all calls placed using your authorization code. <u>Do not give this information to anyone!</u>

NOTE: FRAUDULENT BILLING CAN LEAD TO PROSECUTION - It is illegal for a person to charge long distance calls to another person's calling card or authorization code without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or fine.

Data Network Information

The Iowa State data network serves all campus buildings including Residence Halls and Schilletter and University Village. Users can access on-campus resources such as the Library, and college/department servers. High bandwidth Internet connectivity is also provided. Remote access services are available to the off-campus community utilizing PPP and VPN secure login to support applications such as telnet and web browsing.

Connecting to the Campus Network from the Residence Halls

Ethernet connections are active in all residence hall rooms and Frederiksen Court apartments.

To use Ethernet, you will need:
Ethernet Card (unless your computer has a built-in Ethernet connector). Ethernet cards and cords are available at Tech CYte, University Book Store, Memorial Union, or through computer dealers.

Assistance with configuring network settings is available through the Solution Center, 195 Durham Center, 294-4000.

Connecting to the Campus Network from Schilletter University Village (SUV)

DSL service is available in each Schilletter and University Village apartment. DSL is an always-on 20 Mbps asynchronous network connection. DSL uses the existing telephone wiring. It provides a connection directly to the campus LAN with full access to the Internet.

To use DSL, you will need the following:
Ethernet Card and Cable (unless your computer has a built-in Ethernet connector). Ethernet cards and cables are available at Tech CYte, University Book Store, Memorial Union, or through computer dealers. Items purchased through Tech CYte can be charged to your university account.

Assistance with configuring network settings is available through the Solution Center, 195 Durham Center, 294-4000.

NOTE
Lightning may damage equipment connected to a power source or a communications jack. Information Technology Services is not liable for damage caused by electrical storms. Surge protectors will not guarantee protection. We recommend that you disconnect both the power cord and communications cable during electrical storms.

Connecting to the Campus Network from Wireless

Wireless networking is a method of connecting a computer to the network using radio signals. There are two primary components involved in a wireless network: an access point and a wireless access card. The wireless access cards are similar to Ethernet cards, but with a built-in radio that communicates with the access points. They are most useful in mobile devices such as laptops and PDAs. The access point connects users to the campus network. It then transmits and receives radio signals in its immediate area to communicate with wireless access cards.

Visit Information Technology Services Web site, *http://www.it.iastate.edu* for an updated wireless map as well as locations listed by building and room.
Information Technology Services will continue to expand the wireless network on campus in public areas and classrooms. Please check the Web site frequently for updates.

Contact the Solution Center for wireless assistance and support by telephone at 515-294-4000, by e-mail at *solution@iastate.edu*, or in person in 195 Durham Center, 8:00 a.m. to 5:00 p.m., Monday through Friday. On the Web, look for us at *http://www.it.iastate.edu/help/*.

PPP: Connecting to ISU from Off-Campus

Dial-up access to the campus computers and the Internet from your home computer is available through ISU PPP service.

To Establish PPP Service:
1.) Log into AccessPlus, *http://accessplus.iastate.edu/*
2.) Click on Telephone Services
3.) Select PPP Activation
4.) Submit Request
5.) Logout of AccessPlus

PPP Configuration and Software
Documentation for configuring ISU PPP on your computer is available at: *http://www.it.iastate.edu/pub/*.

PPP Modem Pool Numbers
There are two access numbers for the ISU PPP service:

Ames calling area	515-268-4565
Out of Ames	866-251-5488 (additional charges apply)

Costs and Additional Information
Detailed rate information and other important information can be found at: *http://www.it.iastate.edu*. Assistance is available from the Solution Center, 195 Durham Center, 294-4000.

Temporary Data Protection - *(Disable Call Waiting)*

Virtual Private Network (VPN)

A Virtual Private Network (VPN) provides authorized users secure access to the Iowa State University network when connecting from home or through another unsecured network (such as wireless). Because so many security threats to campus computer resources come in through the Internet connection, the University has blocked some services at the campus border. These services include Microsoft file and print sharing, Outlook/Exchange clients, and various connections known to be viruses/worms. When using the VPN server from off-campus, all services are available as if the user was directly on campus.

The following link will provide information on installing and using the VPN: http://www.it.iastate.edu/pub/.

For more information, contact the Solution Center at 294-4000 or solution@iastate.edu.

Guest Access

Guest Access is a service provided by Information Technology Services. The service allows visitors access to the Internet using the ISU campus network. Visitors can browse the Web and check their e-mail.

Getting Started:

1.) Open a web browser. If the ISU NetReg page does not automatically appear, enter netreg.iastate.edu into the address bar and press Enter
2.) Select the specific event you are attending (if listed) and select "Register Here" or select "Guest Registration Here".
3.) Enter your local contact information and select "Next".
4.) Read the terms and select "I Agree".
5.) Reboot your computer when instructed to do so (approximately a one-minute wait) to complete your registration process.

Initial guest access is either 7 days or the length of the event (if selected from the pull down menu).

Assistance with Guest Access registration is available through the Solution Center, 195 Durham Center, 294-4000, by e-mail at *solution@iastate.edu*, or in person in 195 Durham Center.

The Solution Center

Do you have a question about computing at Iowa State? The Solution Center has an answer. We specialize in answers about getting connected to the network at ISU, which can be anything from requesting PPP service to getting help with site-licensed software and virus protection. A list of site licensed software is available at *http://www.it.iastate.edu/downloads*. The Solution Center also assists with e-mail and passwords. The Solution Center offers handouts and advice if you want to set up your computer on your own, or you can make an appointment with the SNAP team.

Contact the Solution Center by telephone at 294-4000, by e-mail at *solution@iastate.edu,* or in person in 195 Durham Center. Hours are from 8 a.m. to 5 p.m., Monday through Friday. On the Web, look for us at *http://www.it.iastate.edu/help/*.

SNAP Team - *(Getting Connected)*

The Student Network Access Project (SNAP) is here to assist students who want to get connected to the campus network. An assistant can go to your on-campus residence to help install an Ethernet card in your computer, configure the card, and help load the networking software. The team also has a drop-off service in the Solution Center, 195 Durham Center. You may leave your machine with the SNAP team and have the setup done there. Off-campus students can also drop off machines to have the computer and modem set up to connect to the campus network through the PPP dial-up service.

SNAP is funded by your student computer fee so there is no charge for standard service. Contact the SNAP team by telephone at 294-4000.

Student Computer Fee-Supported Services

Student computer fees support information technology initiatives including open computer labs, laptop computer checkout and wireless network access points on campus. Information current as of July, 2006 and is subject to change.

Council

All residents are automatically members of the student government electorate. Residents elect officers who plan and support activities that are of interest to all SUV residents. Officers also provide support and advocacy for resident issues.

Mayor	Brenda Freeman	3 Schilletter Village, Apt A		2-4296
GSB Representative	Frank Freeman	3 Schilletter Village, Apt A	acidfree@iastate.edu	2-4296

Resident Managers

The staff at SUV is always available to serve as a resource in the neighborhood. Seven Resident Managers live in the community. Your Resident Manager is responsible for welcoming residents, developing programs, mediating resident conflicts, distributing information, providing vacate information, and referring residents to appropriate services and resources. In addition, they provide a variety of equipment for residents to borrow: bike pump, garden tools, hoses, picture hangers, plungers, snow shovels, batteries for smoke detectors, jumper cables, and some outdoor game equipment.

Being involved is one the most important aspects of your college experience. It enables you to mature personally, socially, intellectually, and spiritually. Involvement enhances your opportunities for career development exposing you to various skills, which will help you when you graduate to find gainful employment. Giving your time and talents to an organization will not only help that group, it will make your college experience a valuable & enjoyable one.

If you are interested in one of the organizations listed in this section, go to the Student Activities Center online at http://www.sac.iastate.edu and click on GET INVOLVED. You will be given information about each organization and all of the various ways you can get involved in clubs, intramural sports, Spirit Squad, leadership opportunities, volunteer opportunities, and the many music ensembles we have at Iowa State University.

Instructions

Qualifications:

To register to vote in Iowa, you must:

- Be a citizen of the United States.
- Be a resident of Iowa.
- Be at least 17 ½ years old (you must be 18 to vote).
- Not have been convicted of a felony (or you must have had your rights restored).
- Not currently be judged by a court to be "incompetent to vote."
- Give up your right to vote in any other place.

Use this form to apply to register to vote or to make changes in your registration.

Filling out the form – Use a pen and print neatly.

Required: ID number, date of birth, sex, name, address and signature. If you do not include these, your registration will be rejected. Your name, birth date and ID number will be checked. If they don't match, your registration will be rejected and you will be notified by mail.

ID number: Iowa driver's license number (DL#) is required, if you have one. If not, put the number of your Iowa non-driver ID card. If you have neither of these, put the last 4 numbers of your social security number.

If your DL# is your social security number, you are required to give it. Social security, driver's license and ID numbers are not printed on voter registration lists sold to candidates and others. But those numbers may be on original records in county auditor's offices and open for public viewing. Iowa law (Sec. 48A.11) requires the state to ask for your DL# on this form.

Name: Put your name on the form the same way it is on your ID.

Address where you live: This is the address that is used to decide where you go to vote. If you do not have a street address, describe where you live in the box below your signature.

Read the form carefully before you sign it.

Tear off the Registration Form, fold it, tape it together and mail it to your county auditor. You must put a postage stamp on the form.

Within two weeks you should get a notice in the mail that your registration was received. If you don't, contact your county auditor.

Deadlines

10 days before a primary or general election and 11 days for all others. You may register after a deadline, but the registration will not be effective until after that election. A registration form postmarked at least 15 days before an election will be accepted for that election even if it is received after the deadline to register to vote. Registration is permanent. After you register, you do not have to register again unless you move.

Student Alphabetical Listings

Information in the student section of the university campus directory is taken from data supplied by the students to the university prior to September 1, 2006. Students who do not wish to have directory information published must file notice in the Office of the Registrar within the first 10 calendar days after the beginning of the fall semester. The university assumes that failure on the student's part to specifically request withholding directory information indicates the student's approval for the disclosure.

FRESHEST BREADS
My thick-sliced 7-grain whole wheat and authentic French breads are made from my own secret recipe using all-natural ingredients, then baked fresh right here in the store throughout the day, every day.

FINEST MEATS
I personally select the very best meats available. That means no pressed, formed, or filled meats on my sandwiches. Only juicy white turkey breast, choice roast beef, smoked Virginia ham, and real wood-smoked bacon.

FRESHEST VEGGIES
I use only the freshest, bestest veggies around. They're sliced daily in the store and never treated or bagged for use some other day. That means crisp, fresh lettuce, tomato, onion, sprouts, and cucumber.

BEST INGREDIENTS
The world's greatest gourmet sandwiches call for the world's greatest ingredients. So I only use real Hellmann's mayonnaise, Grey Poupon mustard, and my homemade red wine vinaigrette and chunky avocado spread.

GOURMET SUB SANDWICHES

On homemade fresh-baked French bread.

#1 PEPE
Ham, provolone, lettuce, tomato, & mayo.

FRESHEST BREADS
My thick-sliced 7-grain whole wheat and authentic French breads are made from my own secret recipe using all-natural ingredients, then baked fresh right here in the store throughout the day, every day.

FINEST MEATS
I personally select the very best meats available. That means no pressed, formed, or filled meats on my sandwiches. Only juicy white turkey breast, choice roast beef, smoked Virginia ham, and real wood-smoked bacon.

FRESHEST VEGGIES
I use only the freshest, bestest veggies around. They're sliced daily in the store and never treated or bagged for use some other day. That means crisp, fresh lettuce, tomato, onion, sprouts, and cucumber.

BEST INGREDIENTS
The world's greatest gourmet sandwiches call for the world's greatest ingredients. So I only use real Hellmann's mayonnaise, Grey Poupon mustard, and my homemade red wine vinaigrette and chunky avocado spread.

GOURMET SUB SANDWICHES

On homemade fresh-baked French bread.
